Main Deck

Lower Deck

timeless  
elegance

The Monachus 70 Fly is an impressive high-performance motor yacht, designed in the timeless style of the Mediterranean Lobster, continuing the boatyard's tradition.

A yacht of superior buoyancy, safe and elegant in every way, designed to the highest CE standards of category 'A'.

dynamic spirit

This elegant and spindle-shaped line, in addition to expressing a very pronounced bow, shows the revolving dynamics of the yacht.

# flybridge

M70 Fly provides all the comfort of a cruise, and the wind on the flying bridge completes the pleasure of freedom of movement.

The fly deck is spacious enough and wisely used to have ample space for dining and sunbathing.

# Sunny side...

Extraordinarily used space on the outer deck and interior are essential features of this yacht., and the impressive bow deck will leave no one indifferent.

## power

To keep this first impression lasting, the manufacturer has taken care of the installation of two 13-liter VOLVO engines in combination with the IPS-1200 system, giving the 900 hp engines the effect of a classic 1200 hp axle drive.

With fantastic powertrain performance, IPS significantly reduces fuel consumption by up to 35%, reducing exhaust emissions.

enjoy  
the moment...

excellent  
navigation  
visibility

The shape and properties of the wheelhouse windshield are a special exclusive thing provided by the Monachus Yachts. They are characterized by the best optics, thermal and sound insulation and provide perfect visibility in navigation.

particular use  
of space

The interior design is a symbiosis of elegance and everyday practicality. The volume units meet all needs, from storage to a completely separate space for the crew. The interior is offered in a version with four cabins and four toilets; two guest cabins, one VIP cabin and a spacious main cabin. This version offers a one more double cabin and a sailor's toilet with a separate entrance at the bow.

Sliding entrance door to the saloon, and a folding window between the kitchen and the external cockpit practically connect the rear cockpit with the saloon and create an additional large space

master cabin

Comfortable and modern master cabin, which extends the entire width of the yacht.

vip cabin

Comfortable and spacious  
modern VIP cabin in the bow  
of the yacht..
